

# **NEXTRONICS Conflict Minerals**

## **Declaration of Conformity**

Nexttronics will perform corporate social responsibility as a member of the electronic industry supply chain.

Aside from abiding by the code of conduct by EICC, We are commitment to not using or purchasing any kind of conflict metals which originate from the Democratic Republic of Congo (DRC) to be used in our manufactured products.

(Conflict metals refer to the metals, namely tantalum, tin, tungsten, gold, harvested illegally from the Democratic Republic of Congo and nearby Central African nations.)
